## INSTANT MOBILE ENTERTAINMENT

— IT'S ALL IN THE DETAILS.

The HP Pavilion dv5 combines style, instant multimedia access and full featured mobile computing in one portable design. It also delivers the best out-of-the-box experience with a full suite of fun, creative software.

### See what your friends are up to

The built-in web cam automatically brightens the video image in lowlight conditions for clear, bright results.

### Faster transfer speeds

Access the latest external harddrives with the integrated eSATA/USB combo port – now it's easier than ever to backup.

### Easy computing on-the-go

With Intel® Centrino® 2 Core™ 2 Duo processor, the HP Pavilion dv5 offers excellent performance, network capability and battery life. That's the power to stay on top of all your projects wherever you go.

### HP ProtectSmart

HP ProtectSmart Hard Drive Protection automatically detects when your notebook has been dropped, it automatically locks your hard drive to help prevent the loss of your files and media library.

### NVIDIA

#### Graphics power for your digital entertainment

Super smooth graphics performance from the NVIDIA GeForce 9600M GT lets you sail through graphics intensive games without missing a beat. Great for enjoying multimedia files and presentations too.

### View every detail

With the wide HP High-Definition BrightView WXGA\* screen, you get up to 1680 x 1050 of visual real estate for double-spread document, high definition movies, games and more.

\*Available on select models.

### Keep your data safe

Protect your data with the built-in biometric scanner. Scan and register your fingerprint so only you may have access to the computer. Log on to email, banking or any password protected websites easily.

## Software that gets you noticed

### QuickPlay 3.7 – Experience one-touch entertainment

Watch your favourite Hollywood movies or listen to your compilation of rock songs at a touch. With the one-touch buttons and HP QuickPlay, you can enjoy them instantly.

### Motorola Softstylus™ finger writing recognition software\*

Write Chinese characters on the notebook's built-in touchpad using just your finger. No additional hardware needed!

### CyberLink YouCam 2.0

Turn the integrated webcam into a Hollywood studio. Add fun to IM video chats with special effect filters, even animate your Avatar using advanced Face Tracking technology or record a video clip to YouTube. You can also draw directly onto the chat screen or share PowerPoint files.

### CyberLink DVD suite

Create your own movies easily from the DV camera or integrated webcam. Easy to use tools allow you to edit video clips, add soundtracks, titles and effects easily.

\* Available in select countries.

## TAKING THE LEAD.

### Transforming personal computing

HP takes the lead in making the PC, truly 'personal' again. From new leading design innovations to groundbreaking aesthetics, HP Pavilion Notebook PCs provide a new visual and tactile experience. Coupled with the integration of an extensive software suite, you have the key to a mobile computing experience like no other. Together with HP's award winning service and support, you can count on total assurance and complete peace of mind every day, every time.

For more information, please visit [www.hp.com/apac/personal](http://www.hp.com/apac/personal)

### Technology that makes sense for you and the environment

HP strives to be a global leader in reducing its carbon footprint, limiting waste and recycling responsibly. In 2007, HP recycled 13 million pounds (5,897 metric tonnes) of equipment in the Asia Pacific region alone.

– HP Pavilion notebooks are highly energy efficient, and are equipped with aggressive power saving settings that help reduce the impact on the environment.

– HP Pavilion Notebooks meet several voluntary initiatives for energy efficiency, such as ENERGY STAR® and EPEAT.
